

# Infinity Fabrics<sup>®</sup>

Certifiably Green

## **MAINTENANCE INSTRUCTIONS**

\* Follow all cleaning procedures using common detergents with a water only rinse in order to remove all residual cleaning agents (If Crystal Dry is used a follow up water rinse is not required). Allow the area to completely dry before allowing traffic in the area.

### **Shoe Heel Marks**

Use medium bristled scrub brush and follow with mild detergent solution.

### **Blood, Chocolate, Catsup, White Glue, Egg, Ice Cream, Butter**

Spray on a mild detergent solution and allow to dwell for 1 minute. Brush with a medium bristled scrub brush and then blot with white paper towels. Repeat until discoloration is removed.

### **Berries, Fruit Juices, Cream, Soft Drinks, Milk, Wine, Beer, Coffee, Tea**

Spray on a mild detergent solution and allow to dwell for 1 minute. Blot with white paper towels. Repeat until discoloration is removed.

### **Excrement, Vomit, Urine**

Spray on a mild detergent solution and allow to dwell for 1 minute. Brush with a medium bristled scrub brush and the blot with white paper towels. Repeat until discoloration is removed.

### **Shoe Polish, Asphalt, Grease, Oil, Ink, Lipstick, Crayon, Wax, Paint, Rubber Cement, Seam Sealer**

Remove as much residue as possible using white towels paying attention to keeping the stain from spreading. Use a mild solvent placed on a white towels and then applied to the stained area. Repeat the application of the solvent and gently agitate the area as much as needed. Over application of any solvent can dramatically affect the integrity of the fabric. Follow solvent cleaning with a detergent rinse.

### **Mercurochrome, Merthiolate, Betadine, Tomato sauce, Spaghetti sauce**

Spray on a mild detergent solution and allow to dwell for 1 minute. Blot with white paper towels. If discoloration is not removed, dilute household bleach to 1:10 bleach to water and mist on affected area and allow to dwell for 5 minutes. Rinse with water to remove all bleach residue.

### **Chewing Gum**

Freeze with compressed air and break away from material surface. Follow with mild detergent and a medium bristled brush.

### **Rust**

Treat with a reducing agent and follow with a mild detergent rinse  
(may require professional assistance)

## **STAIN REMOVAL PROCEDURE**

Please note: Stains that cannot be removed under the listed procedures can be treated with a 1:10 bleach to water solution.

Mist the solution on the area of discoloration and allow to dwell for 5 minutes. Rinse the area with water only in order to remove the bleach residue. Allow to dry completely before trafficking. Some stains may require a professional to complete the stain removal process.
