FORWARD

Infinity is built on a reputation of advancing forward. We are a solution focused company that challenges the status quo by redefining standards in service, quality and customer satisfaction. Our core values are Innovation, Design, Education and Customization.

Innovation – We see infinite possibilities with fabrics and yarn systems continually questioning current ideology while setting new trends through product development.

Design – We embrace the wow factor and know how to make the best first impression. Our products create a dynamic, coordinating color presentation providing diversity and flexibility to help aid in an ultimate decision making process.

Education – We are experts empowered to share what we have learned through research and evaluation. We seek to improve lives and remove unnecessary hassle.

Customization – We offer each manufacturer the ability for individual expression through color, weaves and many other specialized services.

We stand firmly by these values and back them through cost conscious measures delivering better products that are low maintenance and easy care allowing for the luxurious, recreational lifestyle we all seek to enjoy.

Welcome to the forefront of revolution.

INFINITY: A COMPANY HISTORY

Infinity Fabrics, LLC launched in 2008 with a primary focus on the outdoor area rug market. As owner Steve Couch began developing and customizing woven techniques, Jason Allred joined as an additional owner to help with operations.

They launched the woven vinyl floor and wall covering product line with a patent-pending backing. Luxury Woven Vinyl™ began solidifying its niche in the Marine industry where no other product could match in design, performance or warranty. In 2013, Infinity expanded into the recreational vehicle and aerospace industries where woven vinyl had not been introduced.

In 2015, Infinity rebranded its floor and wall covering as Luxury Woven Vinyl™; a product line with over seventeen collections and 160 colors including the very popular Seagrass™ collection. Currently, Infinity supplies Luxury Woven Vinyl™ to a great deal of marine OEM accounts, recreational vehicle OEMs and aerospace manufacturers. Infinity also has removed the industry expectation of a distribution network servicing dealers and aftermarket installers direct. This approach has allowed for excellent delivery and thorough education for industries where carpet is rapidly being replaced by newer technologies.

The future is bright for Infinity. 2016 will see the launch of two new product lines: Bimini, Awning and Canvas & Superior™ Upholstery Vinyl. Customers will now have the opportunity to color coordinate their entire boat, RV or aircraft with INFINITY.

General Care and Cleaning

Follow all cleaning procedures using common detergents with a water only rinse in order to remove all residual cleaning agents (if Crystal Dry is used, a follow-up water rinse is not required). Allow the area to completely dry. More detailed care and cleaning instructions will be provided separately.

Supreme™-Bimini, Awning & Canvas General Care and Cleaning Guide

One of the best ways to keep Supreme™ woven vinyl fabrics looking good is to hose fabrics off on a weekly basis with clear water. This helps prevent dirt from becoming deeply embedded in the fabric and eliminates the need for more frequent vigorous cleaning. In most environments, a thorough cleaning will be required as soiling dictates. When it's time for a thorough cleaning, Supreme™ woven vinyl fabrics can be cleaned while still on a boat or while still installed as an awning, etc.

General or Light Cleaning

To clean Supreme™ while still on a boat, follow these simple steps:

- Brush off loose dirt.
- Hose down.
- Prepare a cleaning solution of water and mild soap such as Dawn dishwashing liquid or even Spray Nine Cleaner.
- Use a soft bristle brush to clean.
- Allow cleaning solution to soak in to the fabric.
- Rinse thoroughly until all soap residue is removed.
- Air dry.
- May not require re-treatment depending on the soiling level of the fabric.

If stubborn stains persist, you can use a diluted bleach/soap mixture for spot cleaning of mildew. For roof run-off or other similar stains a strong degreaser made be required.

Heavy Cleaning for Stubborn Stains and Mildew

Supreme™ fabrics do not promote mildew growth; however, mildew may grow on dirt and other foreign substances that are not removed from the fabric. To clean stubborn stains:

- Prepare a solution of 1 cup bleach and ¼ cup mild soap per gallon of clean water.
- Soak affected area in solution for 15 minutes.
- Blot stain with a sponge or clean towel.
- Rinse thoroughly to remove all soap residue.
- Air dry.

Remember to protect the area around your Supreme™ fabric if using a bleach solution. Other fabrics that are not made by Infinity may have an adverse reaction to the bleach.

Professional Cleaners

You may have access to professional cleaning firms. In evaluating the services of a professional firm, you should inquire about a firm's experience in working with Supreme™ fabrics.

Helpful Hints

Protect the area around the Supreme™ fabric when using a bleach solution –bleach may discolor non Supreme™ fabrics. Always rinse Supreme™ thoroughly to completely remove bleach.

Please be aware of the environment when cleaning with bleach. Bleach can have harmful effects on the natural environment around you. We do not advise using bleach if you are surrounded by a body of water or other environment that could be affected. Supreme™ should only be allowed to air dry.

This information is a guideline, not a guarantee and does not relieve the user from the responsibility of proper care, cleaning and use of the Product and all cleaning agents. Infinity cannot be responsible when unknown changes are made by the manufacturer of the cleaning agent to their formulations. The use of certain cleaning agents, including but not limited to powdered abrasives, solvents, industrial strength cleaners and power washing is not recommended and can be harmful to the surface appearance and the lifespan of the Product. The Supplier, its agents assumes no responsibility resulting from the use of such cleaning agents or procedures to the vinyl and use of such will void the warranty.

**Supreme™-Bimini, Awning & Canvas
Limited Ten Year Warranty**

Supreme™ 10 year warranty: We stand behind our fabrics with a guarantee that's the best in the industry: a 10-year warranty for Supreme™ as decorative shade fabrics and for shade and marine fabrics.

This warranty covers Supreme fabric only. This warranty does not cover normal care and cleaning; damage from misuse or abuse; improper installation; or costs associated with replacement of the fabric, including labor and installation. Infinity's liability is expressly limited to this warranty. Infinity reserves the right to inspect the fabric submitted for claim. Infinity will supply new equivalent fabric to replace the fabric that becomes unserviceable.

This warranty applies to the original purchaser of Supreme fabric and protects against Supreme fabric becoming unserviceable due to color or strength loss from normal usage and exposure conditions, including sunlight, mildew and atmospheric chemicals.

The warranty coverage period is 10 years from the original purchase date. Infinity will provide replacement fabric at no cost during years one through eight, at the then-current selling price less a 15% discount during the ninth year; and less a 30% discount during the tenth year.

Infinity customers should submit any warranty claims to the following address:

**Infinity Fabrics, LLC
5211 Mitchell Bridge Rd. NE
Dalton, GA 30721**

Fabric must be available for inspection and analysis by an authorized representative of Infinity before any settlement can be made. The warranties set forth here do not cover, and are not applicable, to any of the following; (1) staining due to tanning lotion, teak oil, topping, engine grease, or similar contaminants, (2) damage caused by improper installation, (3) deterioration due to the use of improper cleaning materials or procedures, (4) staining or degradation due to an agent or cleaner, (5) damage resulting from abuse or power washing, or (6) normal wear and tear.

THE REMEDIES SET FORTH ARE THE SOLE AND EXCLUSIVE REMEDIES AVAILABLE TO ANY PERSON FOR DEFECTIVE PRODUCTS. UNDER NO CIRCUMSTANCES SHALL SUPPLIER BE LIABLE FOR ANY LOSS, INJURY, EXPENSE OR DAMAGE, WHETHER DIRECT OR CONSEQUENTIAL, INCIDENTAL OR OTHERWISE, RESULTING FROM THE USE OF ANY PRODUCT OR CAUSED BY ANY DEFECT, FAILURE, OR MALFUNCTION OF ANY PRODUCT, WHETHER BASED UPON WARRANTY, CONTRACT, NEGLIGENCE, OR OTHERWISE. THE WARRANTIES SET FORTH HEREIN ARE IN LIEU AND EXCLUDE ALL OTHER WARRANTIES, GUARANTEES, OR REPRESENTATIONS, WHETHER MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

SUPERIOR

— UPHOLSTERY VINYL —

Superior™ stands out in a crowded market of upholstery vinyl offerings. Upholstery began as a leather product which could not withstand the harsh elements. Soon thereafter vinyl and polyurethane became what is now the industry standard. Superior™ upholstery vinyl, by INFINITY, supersedes current product lines by offering a seven year UV/fade warranty. Superior lives to its name with its unique antimicrobial technology and assurances against yellowing and pinking. General Care & Cleaning

Marine/RV grade vinyl, like all upholstery, requires a regularly scheduled cleaning program on a daily, weekly or monthly basis, depending upon the exposure to dirt and/or other staining agents. It is important that efforts begin immediately after a spill to remove any potential staining agent. More detailed care and cleaning instructions will be provided separately.

Upholstery Vinyl Fabrics General Care and Cleaning Guide

Marine/RV grade vinyl, like all upholstery, requires a regularly scheduled cleaning program on a daily, weekly or monthly basis, depending upon the exposure to dirt and/or other staining agents. It is important that efforts begin immediately after a spill to remove any potential staining agent.

Step 1:

Most common everyday light soiling can be easily removed by using a solution of 10% liquid household dish detergent and 90% warm water, applied with a clean dampened cloth. Rinse with a clean cloth dampened with water and allow area to dry thoroughly. Moderate scrubbing with a soft bristle brush will help loosen dirt and grime embedded in the grain of the vinyl.

Step 2:

For more stubborn stains and heavy soiling, dampen a soft white cloth with Tilex© (or a similar product) or a mild detergent. Gently rub and then rinse with a clean cloth and water. Please note, do not use any "citrus formula" cleaners.

Step 3:

For the most difficult stains or surface mildew dampen a clean white cloth with a solution of 10% household bleach and 90% water. Rub gently and rinse with water.

This information is a guideline, not a guarantee and does not relieve the user from the responsibility of proper care, cleaning and use of the Product and all cleaning agents. **Marine/RV-Grade Vinyl
Limited Seven Year Warranty**

Subject to the limitations and conditions described herein, Infinity Fabrics LLC (Supplier), warrants to its customers, that all marine/RV quality vinyl coated fabrics purchased from Supplier (Product) will conform to the applicable product specifications published by Supplier and will remain free from defects in material and workmanship for a period of seven (7) years (the Warranty Period) from the date of production of a boat or completed trim component part, provided that such Product is applied, installed, used and maintained in accordance with Suppliers specifications and instructions. All warranty claims must be submitted in writing within thirty (30) days after discovery of nonconformity or defect and accompanied by representative samples of such.

During years one and two of the Warranty Period, the Supplier will provide replacement Product to replace any product deemed defective and will pay competitive labor rates for the replacement not to exceed twenty (\$20.00) US Dollars for each yard of replacement Product. During the remainder of the Warranty Period, the Supplier will provide Product to replace defective Product, but will not pay labor or any other associated costs.

Infinity customers should submit any warranty claims to the following address:
